

2010 : THE YEAR OF THE TIGER

1926, 1938, 1950, 1962, 1974, 1986, 1998, 2010

"Born leader" is the key word for the Tigers. They are always in the lead and are most likely the ones to cry out "Let's Go"! Noble and Fearless, Tigers are respected for their courage, even from those working against them.

Tigers are very confident, perhaps too confident sometimes. Although they love adventures, and are addicted to excitement it is better not to challenge a Tiger's confidence. They like being obeyed and not the other way around.

Because Tigers are urgent people and always in a hurry to get things done right, they usually choose to operate alone. Tigers like to work; they are hard-working and dynamic. If you assign a task to a Tiger, the job will be undertaken and accomplished with enthusiasm and efficiency.

Tigers have an inborn magnetic personality that attracts people to them like bees to honey. Warm-hearted, sociable and friendly, they are characterised by their frank, honest and open approach. Their immense kindness and generosity will always shine through except when crossed or backed into a corner, for then they can become vehement and ferocious.

Tigers are sensitive, emotional. They are capable of great love, but they become too intense about it. They are also territorial and possessive, as lovers, Tigers are passionate and romantic, but the real challenge for the Tiger is to grasp the true meaning of moderation.

Tigers are most compatible with the Horse, Monkey and Dog but should avoid the Rabbit.
